

MAGNETIC HEALERS!

Prof's. Wilson and Kennedy.

Of the RICHMOND SCHOOL and INFIRMARY of MAGNETIC HEALING and SUGGESTIVE THERAPEUTICS, Richmond, Ky., have established branch offices in your city and will on and after Monday, April 2, 1900, be prepared to receive and treat patients. Our success in Richmond has been marvelous and our cures many. The demand for our treatment by the people of Lancaster and vicinity, have prompted us to locate here.

We practice this system of "Magnetic Healing" as does Prof. S. A. Weltmer, the most wonderful man of modern times. We cure any and all diseases without the use of drugs or medicine. This system is purely scientific, and has been practiced in all ages, with more or less success. Prof. Weltmer has placed Magnetic Healing in the forefront of all curative powers. We treat any of the following diseases:

Rheumatism, Dyspepsia, Liver and Stomach Complaint, Diseases of the Kidneys, Heart Disease, Female Trouble of any kind, Nervous Debility, St. Vitus' Dance, Paralysis, Asthma, Consumption, Deafness, Diseases of the Eye, etc., Lost Vitality, Cancer, Tumors and Goiters, Sunken Chest, etc.

No matter what your ailment may be, or of how long standing—come and see us—we can do you good, as we believe any disease can be cured by our treatment. COME AND SEE US. It will cost you nothing to consult us regarding your affliction.

TESTIMONIALS and REFERENCES FURNISHED on APPLICATION.

Demand for cattle was good Monday, that is from those who had feed.

G. A. Swinebroad bought some light heifers at \$21 per head.

Stock feed of all kinds is unusually scarce, and is making trading slow.

W. B. Jarvis sold a cow and calf court day, for \$32.50.

G. A. Swinebroad sold 31 good stock, steers, weight 763, at \$26 per head. He also sold a lot of heifers at 4c, some cows and heifers at \$22.50 and hogs at 4 cents.

More hemp will be put in this season in Garrard than has been for many years previous.

W. B. Burton sold to Mr. Frank Stewart, of Atlanta, Ga., a nice pair of Wilkes horses for \$500.

Jessie Walden, of the Lancaster Dairy, has received a Jersey bull from Maryland, for which he paid \$75. He will be placed with the dairy herd.

Mad dogs are reported in many localities. Get out the old musket and shoot every canine that comes on your place.

If you have a good horse, advertise him in THE RECORD. The paper goes where a card or bill cannot go, and will bring you three-fold better results. Let the people know what you have.

We can print your horse and jockey cards cheaper and as good as you can get them anywhere. Try us and see if this is not true.

around here. Mr. Robinson is a leader in the stock business, and his efforts to bring in the very best are appreciated by the stock men.

This promises to be a year unprecedented for business among the purebred poultry breeders. The fever seems to have struck the whole country and the demand for pure-bred stock is greater than the supply.

Judge S. H. Boles, of Glasgow, is the owner of a sow which is undoubtedly entitled to the highest honors for producing the greatest number of living pigs of any sow in that section, if not of the entire State, having dropped a litter of seventeen several weeks ago. The animal is three years old and is of the Duroc Jersey variety.

Children often inherit feeble digestive power and colic of a more or less severe character results, when food is taken which is at all difficult to digest. WHITE'S CREAM VERMIFUGE acts as a general and permanent tonic. Price 25 cents. C. C. & J. E. Stormes, Inc.

It is everlastingly to the discredit of the dairy interests of this country that Denmark will buy American corn and oil meal, pay freight on it, feed it, convert it into butter and outsell our butter by three cents a pound in the English market.

Are you interested in the Light Harness Horse? If so, you want the Kentucky Stock Farm. It is the leading authority on all matters pertaining to the breeding, raising and training of the trotter and pacer. It is published at Lexington, the Hub of the Horse Universe. For ninety days we are enabled to offer the Kentucky Stock Farm and THE CENTRAL RECORD for \$2.00. Send your subscription at once to Louis Landrum, Lancaster, Ky.

A man who cannot find pleasure in arranging and rearranging his too sheds, stables, grain bins, etc., when other work is not pressing, or on rainy days, has but little interest in his work. Cut and gather burrs, Spanish needles, etc., on the next damp day. Pile them up and burn them as soon as they are dry enough and you will have done a work that will make you feel good for a whole year.

Rev. W. E. Sitzer, W. Caton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicine without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believed it to be a panacea for all forms of indigestion." It digests what you eat. F. P. Frisbie.

The total value of the eggs and chicks marketed in the United States last year was \$200,000,000. The magnitude of the poultry industry is made more evident in the fact that the value of the 1898 potato crop was only \$80,000,000, and the total value of the pig iron output seldom exceeds \$130,000,000, while the annual output of coal amounts only to about \$300,000,000.

It is stated that only four horses have ever sold for \$100,000 or over. The first of these was Axtel, who was sold about eleven years ago as a three-year-old for \$105,000; the next was Arion, who in 1841 sold for \$125,000; the third was Ormonde, the grandsire of Flying Fox, who was sold in 1893 for \$150,000; the fourth was Flying Fox, who sold recently in England for \$197,000. Axtel and Arion were trotters; Ormonde and Flying Fox, runners.

It seems that when a flock of sheep and its increase are mortgaged to secure a debt the wool is not included in such mortgage and that the owner of the sheep may sell the wool and

not account therefor to the mortgagee. The courts hold that the term increase applies to the animal and not to its products.

There seems to be very little rhyme or reason in the relative position of cattle, hog and sheep values. While hogs are \$1 higher than a year ago, sheep \$1 higher, and lambs \$2 higher, the bulk of the beef cattle are now \$1 to \$1.25 lower than they were at the high point of the season, and lower than they were a year ago. The best cattle so far this month have sold at \$6.10, best hogs at \$5, best sheep at \$5.40 and best lambs at \$7.20. The bulk of the beef cattle are now selling at \$4.60 to \$5.25, and buyers are acting in a very bearish manner.—Farmers Home Journal.

The farmer does not have to solicit the patronage of any one. He does not have to enter into competition and strife with his neighbors like the merchant; he does not have to wrangle and warp the truth like some people. In fact he can be the most independent man on God's green earth if he manages his affairs in a business like manner. He has more time and equal opportunities for improving his mind, he has less allurements for corrupting his morals, and his occupation is conducive of the highest development of his physical powers. He can be on intimate terms with his whole family, at peace with the world and he can worship God under his own fig tree, none daring to molest or make him afraid.—Mississippi Valley Democrat.
